

PETER FRANUS MOURVÈDRE RED HILLS LAKE COUNTY 2023

This Rhone grape variety does amazingly well in California when grown at 900 meters elevation and made by veteran winemaker Peter Franus. This is rather tight in texture, with fine-grained tannins that enable potent blackberry, graphite, grilled beef and singed herb flavors to really shine as the wine opens in the glass. Full-bodied, age-worthy and deep, it is something special. Drink now or hold.
